MEMORANDUM FOR: Director, Office of Legislative Liaison

FROM: Director of Central Intelligence

SUBJECT: Intelligence Activities/Congress

1. Here are some papers which should probably be kept in your custody rather than mine.

2. In the larger folder is material relating to the development of agreed procedures for sending information to the Congress.

3. In the black book are the results of research in OLL on what we had told the Congress in the past. It primarily dealt with issues which were unintentionally or intentionally confused in the testimony and subsequent description of the testimony. Examples are:

    a. Interdiction as the only objective of the program.

    b. Command and control as something that the committee desired and indeed demanded but which requires American participation to be effective, and

    c. The other subjects are titled therein as are the pages I have placed in it.

All of this may have been overtaken by events but you should have the background for whatever value it may have in the future.

4. The small file contains a draft letter prepared to be sent to the Chairmen and Vice Chairmen of the Oversight Committees which, on reflection with the passage of time, I would never send.

5. Also, the clipping file may be of some interest to you.
